

## Publikationen von Clara Heumann-Kiesler

Heumann-Kiesler C., Sommerfeld S., Iffland H., Bennewitz J., Rodehutschord M., Hasselmann M (2021) Insights into the Mitochondrial and Nuclear Genome Diversity of Two High Yielding Strains of Laying Hens. *Animals*, **11**(3), 825, <https://doi.org/10.3390/ani11030825>

Foucault Q., Wieser A., Heumann-Kiesler C., Diogo J., Cocchiararo, Nowak C., Waldvogel AM, Pfenninger M. (2019) An experimental assessment of reproductive isolation and its consequences for seasonal hybridization dynamics. *Biological Journal of the Linnean Society*, **126**(2), 327-337, <https://doi.org/10.1093/biolinnean/bly177>

## Konferenzbeiträge

European Society for Evolutionary Biology (ESEB), international Meeting (August 2019, Turku, Finland): „**Mitochondrial haplotypes and gene expression in laying hens**“ (Poster)
